

SWAROVSKI

Version: 02
January 2020

STATEMENT REGARDING CERTAIN US AMERICAN LAWS AND REGULATIONS¹

CPSIA, 16 CFR 1500, US 74 FED.REG. 43031

Swarovski hereby confirms that the whole Swarovski Crystal standard assortment is compliant with the lead limits set out in the CPSIA.

COMPLIANCE WITH THE CALIFORNIA STATE HEALTH AND SAFETY CODES 25214.1 & 25214.2

Herewith we confirm that our Crystals from Swarovski Assortment complies with the lead limits for Jewelry and surface coatings set forth in the California State Health and Safety Code CHSC and 25214.1.

In addition, we confirm that except for the colors mentioned below, the Crystals from Swarovski Assortment complies with the cadmium limits for children's jewelry set forth in the California State Health and Safety Code CHSC and 25214.2.

Crystal Colors not in compliance to the Cadmium limits set in CHSC §25214²:

Color Code	Color	Color Code	Color
208	Siam	236	Hyacinth
227	Light Siam	237	Fireopal
231	Yellow Opal	249	Citrine

COMPLIANCE TO THE CALIFORNIA SAFE DRINKING WATER ACT OF 1986 (PROPOSITION 65)

Please be advised that according to California State Proposition 65, Crystals from Swarovski are most likely subject to the labeling requirement. Proposition 65 does not require the elimination of a listed chemical, nor does Proposition 65 prevent the sale of a product that contains a listed chemical; it requires only that the label containing a statement is present if the products contain a listed chemical.

¹ This statement covers the most frequently asked laws and regulations. If you require further information regarding compliance with certain US federal statement product safety laws and regulations, please contact your local Swarovski contact.

² Standard colors as of Swarovski Crystal Collection 2016

SWAROVSKI

ILLINOIS LEAD POISONING PREVENTION ACT

Please be advised that the Swarovski Crystals standard assortment is not in compliance with the lead limit for children's products set forth in the LPPA and is therefore subject to the labeling requirement. For any questions regarding their use in your product, we suggest you seek the advice of your legal counsel.

However, please be informed that a clear majority of Swarovski products comply with the lead limits set forth in the LPPA as special production. Please contact your local Swarovski sales representative for further details.

References to compliance with such regulations stated above are based on their requirements as of current date. Anyone seeking an in-depth understanding of the provisions should read the various laws in their entirety and/or seek advice from a legal counsel.
